

RISK Assessments

RC10/22p. Penpergwm to Raglan and return. 10 miles.

Start where B4598 crosses dual carriageway east of Penpergwm. Join the old Abergavenny Road and proceed to Raglan roundabout which circle taking the 5th exit to return on old Abergavenny Road and then B4598 to finish about 300 yards after the start.

Risk Assessment

The B4598 and Old Abergavenny Road is bypassed by the A40 dual carriageway and there is light traffic. Rides are required to keep to the left. Riders are required to have both front and rear lights in operation. .

Ride to start: On the B4598 from the meeting point before about 2 miles to the start. **LOW RISK.**

Start: Warning signage in place. Waiting riders stay off the carriageway on the paved area to the side and start on the road where there is clear visibility on both directions for riders and motorists. **LOW RISK.**

The riders proceed on the road without turning off to the Raglan roundabout. There are a number of junctions and farm exits on the road and there may be an occasional parked vehicle. Riders need to remain aware of their surroundings at all times. **LOW RISK.**

At the roundabout there are 5 exits and the riders need to take a 360 degree turn to regain the Old Abergavenny Road. Care is needed at the roundabout with awareness of vehicles in the vicinity. There may be marshals at the roundabout but each rider is responsible for their own safety. **MEDIUM RISK.**

After turning, the riders proceed towards Abergavenny on the Old Abergavenny Road and then the B4598. There are a number of junctions and farm exits on the road and there may be an occasional parked vehicle. Riders need to remain aware of their surroundings at all times. **LOW RISK.**

After the finish the riders continue on the B4598 to the meeting point. **LOW RISK.**
