

Event Details ~ 10 mile TT For TT Bikes

These events are now 10 miles (four & a bit times around the circuit), standard distance open events. Therefore, the times count, if you improve on a previous time then the CTT system will automatically update your time. If you are a member of the VTTA the same applies & if you beat your standard once again the time counts.

Some have asked if the times really count as it is on a circuit, yes they do, we have checked. The big Plus ~ No Pot Holes To Dodge.

If you are member of a South DC Club or Team then the times & places go into the South DC Rankings & Points League
