THANKS

To all who entered, especially the 17 who rode.

After our first attempt last year at a beginning-of-season event, it was disappointing to receive only 21 entries compared with 50 previously (even though the rugby was much later in the day this time). However, many other early-season time trials seem down on entries too. The up-sides are the event is more compact; our race support team doesn't have to sit in the cold at the roadside so long; more competitors stay for the prize-giving.

Weather this time was similar to the forecast (and in fact to last year's event): dry, temperature in single figures, but the wind was N rather than the NE forecast (opposite direction to last year) – so didn't benefit riders in either direction this time either.

Times seem similar to last year, though both 2-up winners and the Road Bike winner were quicker. In the Men's event, the podium was the closest possible without tying for the win. Well done everyone!
