### **Advice for Marshals**

- The most important thing when marshalling is to ensure your own safety. DO NOT STAND IN THE ROAD. Wear a Hi-vis jacket.
- During the 24 hour event the Time Check cards completed by marshals are very important. If you don't see a riders number please just write the time and a ? in the number column.
- When marshalling at a roundabout please have somebody standing at the entrance point of the roundabout indicating which way to turn and the exit point showing the way so it is as clear as possible where the riders must go. If you have enough marshals then cover all the exits from the roundabout to ensure riders do not take the wrong one.
- If you see somebody with no or inadequate lights during the dark please ask them to stop and put some on. We will have some spare lights at the unsupported riders tent at Prees
- At the unsupported riders tent your role is to look after the belongings stored there and lend a hand to any riders coming to access their things. This is just simple things like holding their bike or helping them find their bag.
- Please remember to park and behave considerately particularly near to people's residences.
