THANKS

To all riders who entered, especially the 88 who rode, several of them in more than one section.

Conditions were dry with a reasonable temperature, even sunny on occasions. The weather station at Credenhill showed a light breeze from the south-southwest, which was roughly a sidewind both ways. On the whole this resulted in times being ten or fifteen seconds slower than last year (which was also a relatively slow day, with a WNW breeze).

In spite of that there were more PB's this time (well done!) and only one minus on Vet's Standard out of 27 members riding solo (and in the Road Bike section, at that) means the event must still have been relatively quick.

22 entrants DNS'd out of the 111 total; I'm afraid there was 1 DNF and a couple of DNS's owing to our failure to placate the local puncture fairy.

I'm particularly grateful to so many competitors staying on at HQ to applaud the prizewinners, thereby enhancing the sense of occasion.

AND THANKS ESPECIALLY

to everyone who devoted their free time to make this a successful event :-

Bob Jones & Will Pring, Cardiff 100 milers (signage fixers)
