Event headquarters OS map reference is SU422717 (OS Landranger 174, Newbury & Wantage)

**Timekeeper:** Mrs Marion Fountain, Didcot Phoenix CC

**Assistant Timekeeper:** Mr David Canning, Newbury Road Club

*Promoted by the West London Cycling Association. This event is being run for and on behalf of Cycling Time Trials under their rules and regulations. In the interests of your own safety, Cycling Time Trials and the event promoters strongly advise that riders wear a HARD SHELL HELMET that meets an internationally accepted safety standard. Further details of these may be found in the CTT Handbook.*

### Important Notes:

- Riders must sign on and collect their number from HQ.
- This event may be subject to a Doping Control - It is your responsibility to check by returning to the HQ as soon as possible after you finish.
- Riders must not ride through the finish when not competing, riders doing so, risk disqualification.
- Please be considerate to others when parking your vehicle.
- Take care when entering the HQ car park as there is an overhead barrier.
- Please do **NOT** park on or near the course, especially the start (this is a private road) or in Shefford Woodlands. This will help Newbury RC maintain good relations with local landowners and residents, and will help us continue to use the course in future.

# Course Information

**Code:** H10/3A

**Distance:** 10.0 miles

**Course Record:** 19m 34s, Michael Hutchinson at the 2009 CTT National 10-mile TT Championships.

## Start and Finish Points

**Start:** On the B4000 at the junction of The Long Yard, 1/2m east of Shefford Woodlands (British National Grid Ref: SU376726).

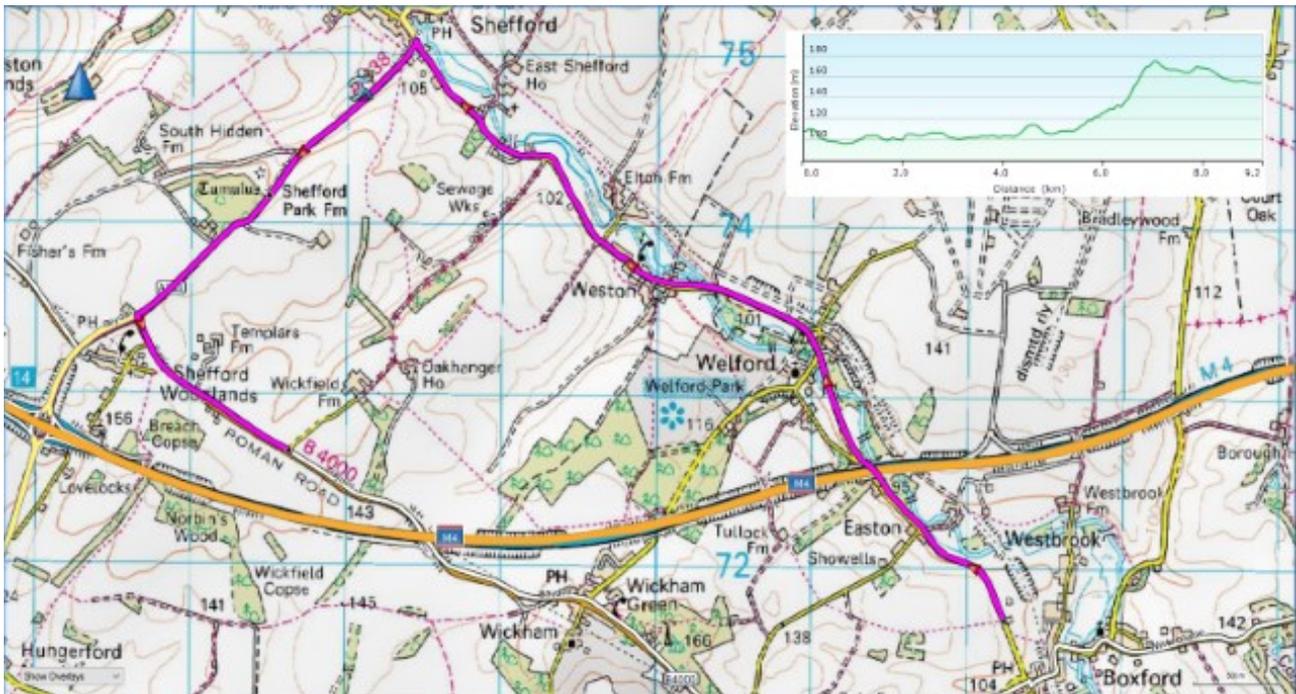

**Finish:** East edge of a field gateway, 452 yards east of the M4 bridge (British Nation Grid Ref: SU388719)

## Getting to the Start (5½ Miles)

Unfortunately, due to course restrictions the route to the start involves a lengthy commute via Great Shefford.

**Important: Riders must not pass through the finish on their way to the start. Please use the route shown on the map below. Riders observed to be in breach of this risk disqualification.**

Exit the village hall and turn right toward Easton and Great Shefford and proceed North West until reaching a T junction (3¼ miles). Turn left at the junction and head up the hill for 1½ miles. Turn left onto B4000 and continue a further ¾ mile to the start. Total distance is just over 5½ miles and the gradient is rolling with an uphill from Great Shefford to the B4000.

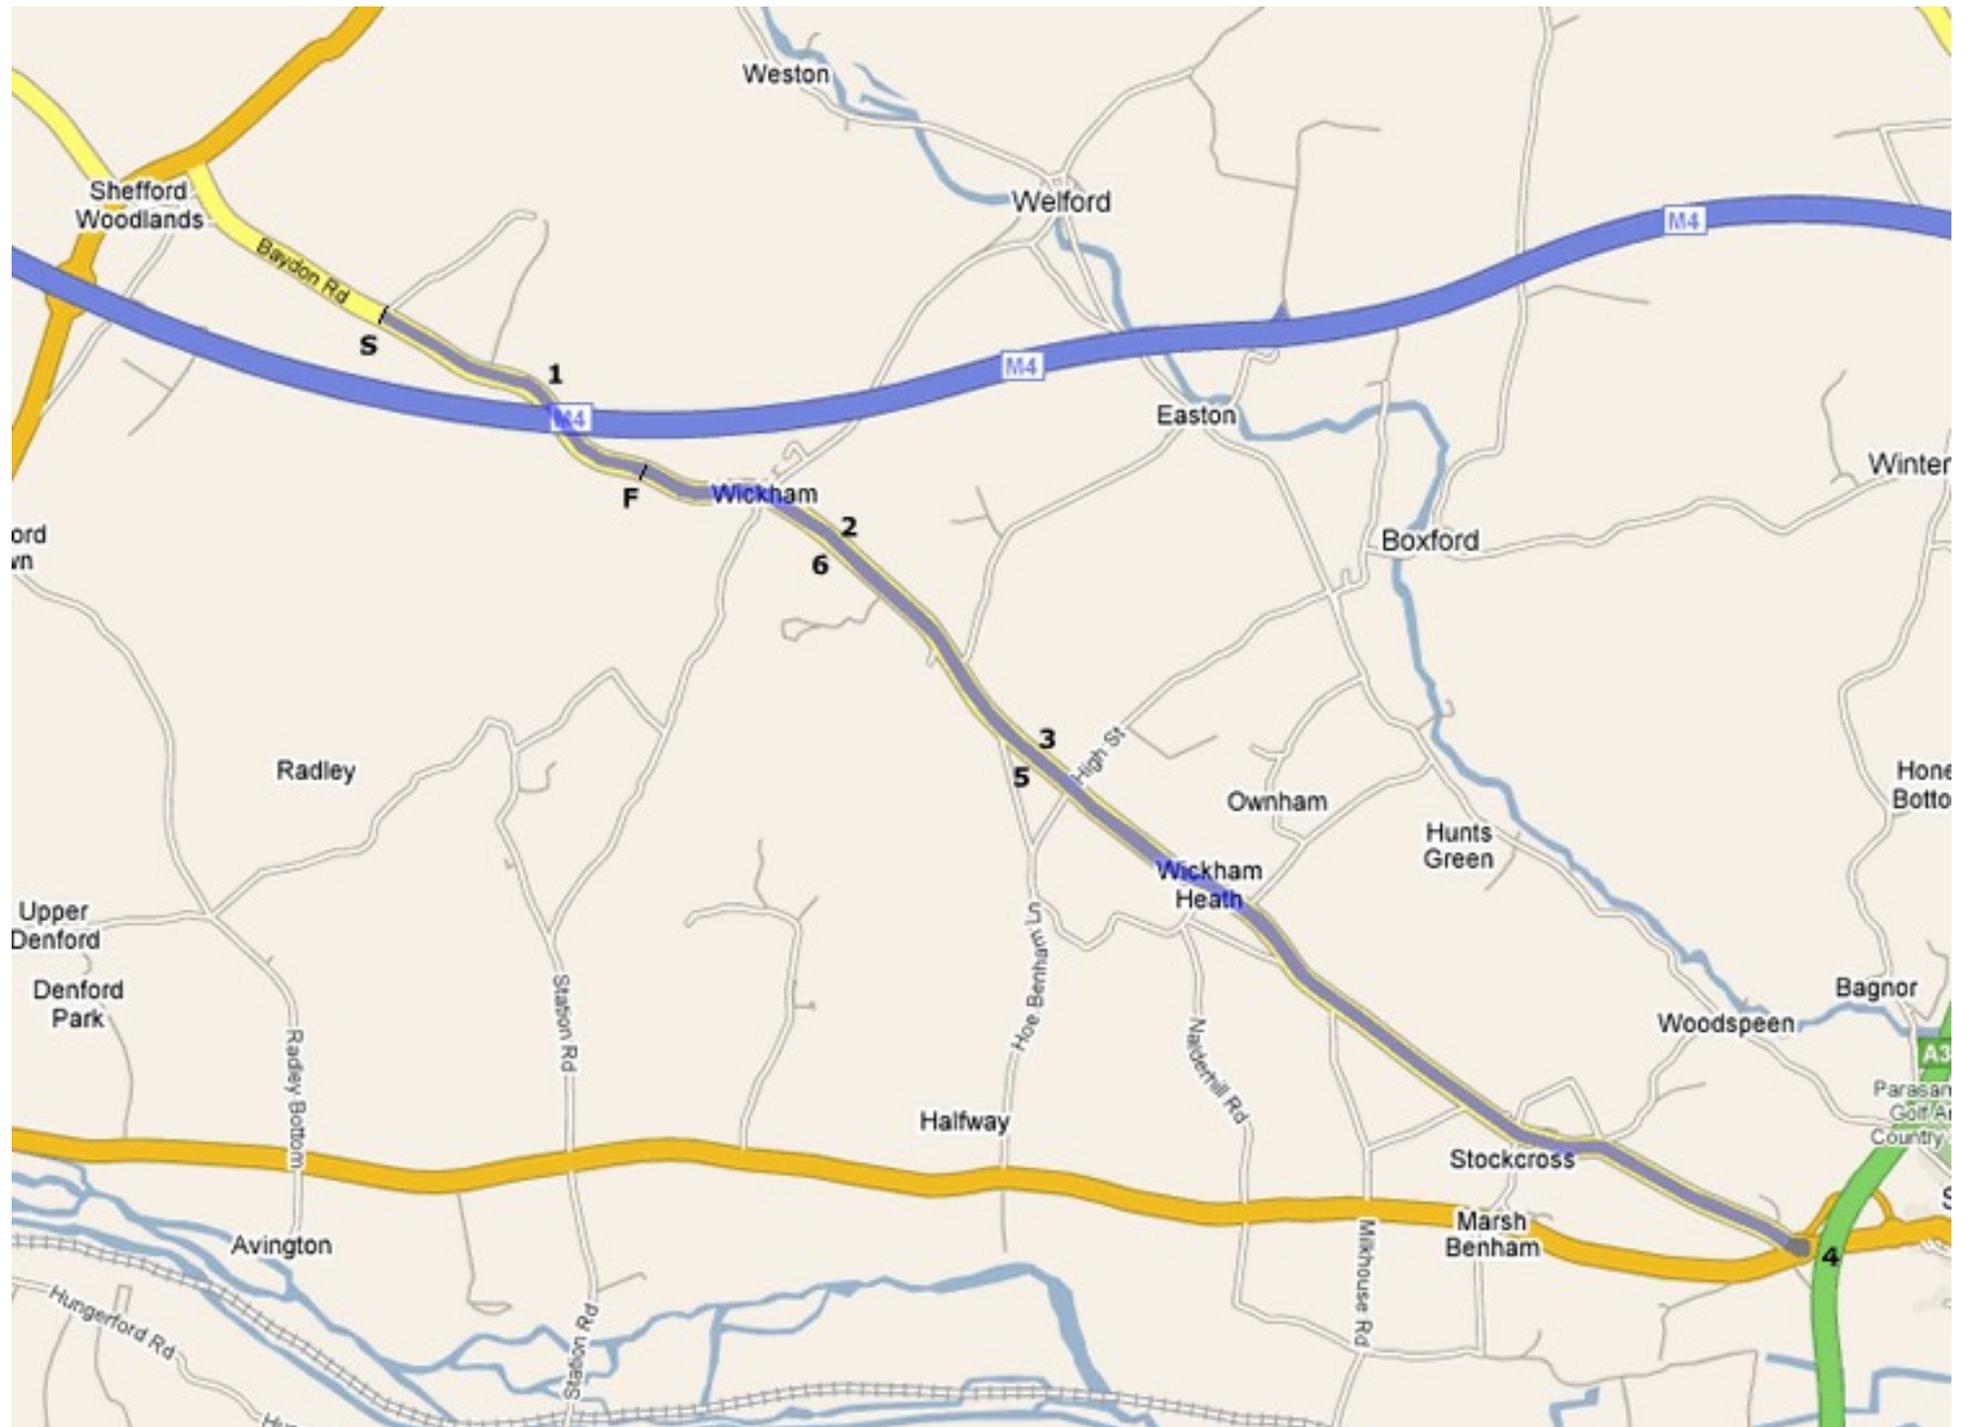

## Getting back to the HQ (3 miles)

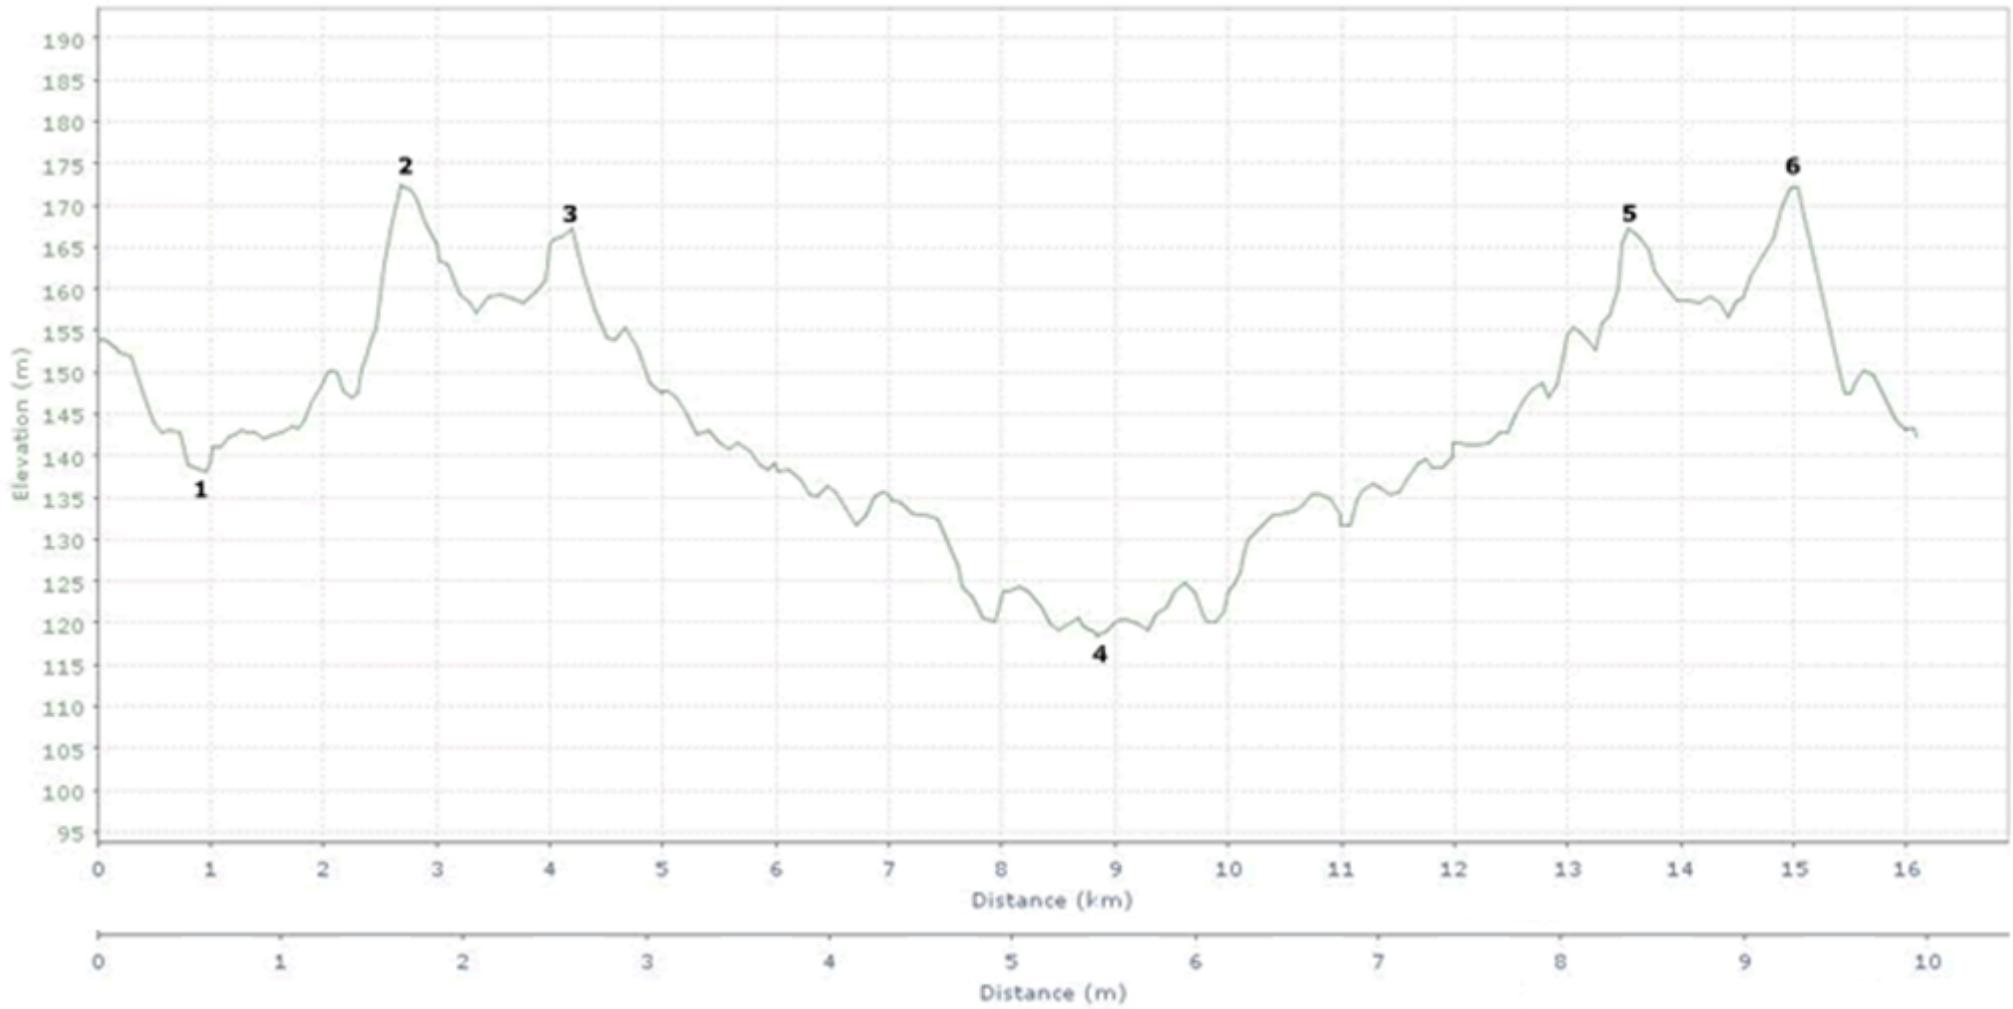

From the finish, turn where safe to do so and return along the B4000 towards Wickham (½ mile) **taking great care not to impede other competitors**. Turn left at Wickham towards Welford and continue straight on until reaching the church at Welford (1¼ miles). Turn right immediately before the church and continue to the junction with the main road (½ mile). Turn right and continue to the HQ, which will be on the left (¾ mile).

## WLCA “Kilo”

In addition to the Open Time Trial, riders who are members of clubs affiliated to West London Cycling Association (WLCA) will be automatically entered into the kilo (as shown on the start sheet). The winner will be the fastest rider over the first kilometre of the course. A separate time keeper will be present for this event and will be located at the end of the kilometre, which is just before the motorway bridge. The course is predominantly downhill, which should make for some fast times.

## Berkshire County Show – Advice for Avoiding Traffic Delays

The Berkshire County Show is taking place at Chieveley (near Newbury) on Saturday 17<sup>th</sup> and Sunday 18<sup>th</sup> September. Traffic in the vicinity of the Showground, which is adjacent to the A34 near junction 13 of the M4, is likely to be very heavy and significant delays are likely.

The M4 motorway itself is unlikely to be affected, but the A34 northbound and southbound near the M4 will be busy. If you are intending to use the A34 from the south, you are advised to use the leave the A34 at the A4 junction. If you are coming from the north, it may be better to use the A338 via Wantage and Great Shefford.
