Date clash with the National 50 may have been a reason for the small field this year but the quality was still there as Ross Clarke headed the result with a PB. We also saw the welcome return of Andy Proffitt (without a qualifying time for the National); Andy won this event in 2007. Joe Gorman is improving at the longer distances and his third place gave him a PB also.

Helen Gravatt and Heather Larson were not too far apart; Helen being off her best form and Heather improving on her current LTS of a couple of seasons ago.

John Howells has supported the FPCC 50 for many years and keeps making the long trip north; thank you John.

Timekeeper supremo, Gordon Hart, captured the 25 mile (approx) split times for your interest, included below with the vet+ times; agonise over them at your leisure; almost without exception fastest at 25 miles is fastest at 50.

Thanks for supporting our event; we'll be back next year, especially as there may be but ONE 50 in London North with the sad demise of the NORLOND combine.

Maybe another club will step forward; more likely not.

Regards, Vince Freeley
