## SAFETY NOTES:

All riders are responsible for their own safety.

- Due to hard winter the general conditions of road surfaces can be poor. Broken surfaces and/or potholes are likely on the course to some degree. It is the responsibility of the rider to be aware of their line and be aware of road conditions ahead.
- You must look ahead and not ride with your head down.
- It is your responsibility to ensure that your machine is roadworthy and that you ride safely at all times.
- In the interests of your own safety, Cycling Time Trials and the event promoters strongly advise you to wear a HARD-SHELL HELMET that meets an internationally accepted safety standard. **All competitors under the age of 18 years MUST wear a hard-shell helmet.**
- It is strongly recommended that a working rear light, either flashing or constant, is fitted to the machine in a position visible to following road users and is active whilst the machine is in use.

## RIDERS:

- No U-turns to be made in the vicinity of the timekeeper.
- You will not receive a push from the start team in accordance with hill climb race regulations – as the count gets to 3/2/1 GO you will be released without assistance.
- Please refrain from warming up on the course once the time trial has commenced.
- No dismounting in the finishing area.
- You must not take pace or shelter from any other vehicle or competitor (no drafting) – failure to comply may lead to disciplinary action being taken.

To assist the Timekeepers at the finish line can you please ensure that your number is correctly placed and visible from the rear in line with CTT regulations noted below:

**If it's too high and we can't see it, this may result in disqualification.**

Please shout out your number as you pass the Finish Timekeeper.
