

West Pennine RC 10 Mile TT Sat 11th May

Course Update

Good evening/morning (depending on when you see this), riders.

I have been out to check the course tonight, and all is well **BUT:**

PLEASE NOTE

There is a new roundabout at the Sabden/Clitheroe junction on the A59.

This means that you need to **turn at the SECOND roundabout** and not, as stated on the course description on the start sheet, at the first.

You need to take the **second exit** at the **NEW roundabout** in each direction. This is basically staying straight on the A59 each time.

Marshals will be at the roundabout.

On that note I am very much down at minimum numbers for marshals. If you have anyone attending with you who may be able to help, please ask them to make themselves known to me at the HQ.

Thank you, and I look forward to seeing you all tomorrow/later today.

Steve Smith
