**Keep up to date with both club and open events run by Newbury RC at [www.newburyrc.co.uk](http://www.newburyrc.co.uk)**

Well, the weather conditions this year were 100% better than the heavy rain that was experienced last year, although I gather from riders that they were affected by a breeze that couldn't make its mind up which direction it was blowing. At least we weren't running around for blankets as we were last year. Any regular

riders in the event will have noted to move from Saturday afternoon to Sunday morning. Unfortunately, traffic levels on the A4 have increased over the years making it impossible under current rules to run the event on a Saturday. This seems to have affected numbers with entries 30% down on what they have been in recent years.

Hopefully this is temporary and if the event becomes established at this time hopefully entries will grow.

## **The Thank You Column**
