

Because of the number of entrants, plus marshals it may be necessary to use an overflow car park. It's just a 2 minute ride from HQ and just a bit closed to the start/finish.

The General Manager has also made the offer as below for any rider that may want to use the hotel for a night or two- it's a good offer in a very comfortable hotel.  
Just let them know if it is of interest.

By the way when you head to the HQ don't mix up Cranage Village Hall (HQ) with Cranage Hall - they are just a few yards apart,

Mike,

Thank you for contacting us about the cycle event and as discussed happy to loan for the day 16/6/2020, our over spill car park/field located in our four walls. This is accessible through the main entrance and I have asked my team to place some signage up so cars park in the correct area and don't park in the leisure or staff car parks.

We also can offer a preferred bedroom rate that weekend (Friday, Saturday Sunday) at £95BBinc vat ( breakfast in a double or twin room with use of leisure facilities and secure bike parking available )  
**To get this rate it must be booked via Natalie Malbon ([natalie.malbon@devere.com](mailto:natalie.malbon@devere.com))**

We also have our Terrace menu, Tempus bar restaurant, open to non-residents all day at weekends and on production of a receipt for FB they can use the leisure club to use shower facilities noting bike riders.

Thank you for circulating this information.

Best regards

Richard Morrell
