

New for 2020 from ...a3crg

Ligue de Mercredi

Entry to "Ligue" events is restricted to "Ligue Riders" who have registered by the 25th February & is limited to just thirty riders.

For the 2020 Summer Series ...a3crg are introducing a new initiative, the "Ligue de Mercredi". The "Ligue" will run over the 12 events (11 scoring - 7 counting) and will be hosted on a Wednesday evening alongside our men's and women's open events.

The Ligue is open to anyone from a CTT registered club and will cost £5 to join, the fee will go entirely to purchase of the end of season trophies. That said the Ligue is not really for the sharp end of club riders, more the "local" Middle Markers & isn't exclusive to ...a3crg riders. It is an opportunity for those local riders who struggle to get into events on the A3 on a regular basis.

There is one small caveat to joining, the expectation is that each Ligue member will help out at two events throughout the season; this could involve marshalling, cafe duties, collecting signage or recording and calling back times with the finish timekeepers.

It's just an idea we think is worth a try, it probably isn't a perfect solution, thought for evening events we are limited to 80 riders. Remember the other two events on the same evening are open either to men or women and both these events will be fully open & eligible for ranking points unlike the "Ligue".
