Keep your head up while riding and obey the rules of the road. Please note that the turn is quite tight - don't approach too fast! Remember that marshals are not there to stop the traffic or advise you whether it is clear. Take responsibility for your own riding at all times.

The road surface on the course is poor in places with sunken drain covers and potholes, particularly on the road near the prison. There are also a couple of junctions off to the side of the main road so keep aware of the traffic around you.

No parking by competitors or their helpers anywhere on Ancient Lane, Hatfield Woodhouse

No U turns in sight of the start or Finish

No stopping at the finish, please continue straight back towards the HQ, remember to sign out, and place your race number in the box provided.

IN THE INTERESTS OF YOUR OWN SAFETY

Cycling Time Trials and the event promoters strongly advise you to wear a HARD SHELL HELMET that meets an internationally accepted safety standard.

In accordance with Regulation 15 ALL JUNIOR competitors (age under 18 years) must wear Protective Hard Shell Helmets.

It is now compulsory that a working rear light, either flashing or constant, must be fitted to the machine in a position visible to following traffic whilst the machine is in use

This event may be subject to doping control

As soon as you have finished, you should return to the HQ as it is your responsibility to check if you are required for testing

Race numbers required for doping control will be displayed adjacent to the signing-out sheet

Covid 19

This event is being delivered in compliance with Government restrictions and CTT Risk Assessment for Covid-19 16/07/20.

The key points affecting you as a competitor are:

- Competitors should plan to arrive 30 – 40 minutes before their start time to allow time to sign in, warm up and get to the start line and not attend if they feel ill in ANY way or if family members have any symptoms.
- Local Lockdown: If Government restrictions change and a Local Lockdown is enforced. Any competitor who resides in an affected area should inform the Organiser and not arrive to take part.
- An elevated resting heart rate or exceptionally quick to react heart rate during warm up can suggest an underlying asymptomatic illness of ANY kind. You should NOT start the event (DNS) and leave immediately. Do not go to the start line if you feel this is the case and notify the organiser of your intention not to start because of an adverse warmup.
- It is preferable for all warmups to be conducted independently and ideally competitors should warm up on the road individually. The use of turbo trainers or rollers can be considered if warming up is carried out independently away from the sign on area and provided an absolute minimum of 2 metres social distancing from all others including that may walk past is possible.
- Riders MUST NOT gather in any way regardless of current guidelines in the car park, HQ area or elsewhere.
- There will be no “pusher off” at the start, all riders will start with one foot on the ground. Competitors must not leave any personal possessions with the timekeeper.
- Competitors on finishing MUST NOT stop at the finish and MUST NOT loiter at the HQ/car park. There will be no results posted at the HQ during the event and no prize giving after the event. Winners will be notified, and results posted to all competitors.
- After finishing competitors must complete the sign out sheet and return their number to the box provided. You MUST then pack away and leave immediately.
- No support can be provided if a competitor suffers mechanical difficulties. It is strongly advised that all competitors carry with them a spare inner-tube/tubular, pump and tyre levers if required.
- It is strongly advised that all competitors carry a mobile phone and take with them the telephone numbers of the event organiser, Pete Laud 07505 744464, and deputy Oliver Wright 07805 100988. Please telephone the organiser if you have failed to finish the event.
