RUTH WILLIAMS

With the outbreak of Covid 19 at the beginning of the year, and all events cancelled until June then extended to July life was looking very bleak. It was with great sorrow the Mersey Roads Club had to cancel their 24 hour, the first time since world war two, would that be the fate of the 12 hour?

When the CTT asked if we were still willing to organize the National 12 hour, I was more than willing, (well!! it just may be my last) with this explanation my team was right behind me. What could go wrong? Lorries crashing into Sandford Bridge on the A41. So to plan C, up and down the A49 4 times, a hard course but as my daddy said to me (a long time ago) the roads are the same for everyone.

With the marshals all informed of change of post. Saturday morning van packed ready to go, son David arrives to collect CTT race signs, and asked "what's up with me dad? He does not look well", "just a bit of a cold" says I. Debbie does not agree a phone call to Samantha and Barry, then instructions to Jon that they had made appointment to take his dad for a covid test.

Consequence I missed the 2020 12 hour the first since 1965 when I was in hospital with two lovely black eyes, a broken nose & chin due to a double summersault over the handle bars in the national road race the week before. As for Bob just a touch of flu, but better safe than sorry.

A big thank you to all the time-keepers, checkers and marshals especially those caught in the rain. I am sorry I did not get chance to meet up with all the volunteers this year especially those who were not in any of the associations, your support really was appreciated.

Congratulations to all the riders who finished on a hard day and course, you all deserve medals.

One thing I did learn is that no-one is indispensable (not even me)

A SPECIAL thanks to the famous five David, Debbie, Barry & Samantha Williams and Nick Lang
