

## No Frills except the Usual Hillclimb Thrills

The November Hillclimb on Knights Hill at Goodwood has been held since 1989 as an "Inter-Club Event", sign-on-the-line affair. With the need to sign up beforehand to observe the Covid-19 protocols we are staging the event as an "Open Event", after all, if you need to pre-enter we might as well run it as an open event & you then have a valid result & National ranking points.

This event is a "Budget-Busting Fiver Event", the entry fee is just a "mirror" for what a "club event would be. We did think about doing it "Ryanair" style, an extra fee if you wanted a time on the day, £2 if you wanted a number on your back to save you shouting it out plus choose your own seat number for an extra fiver. However we are just going to keep it simple, as we cannot do a presentation there will be no prizes, but then what do you expect when you ride "low-cost-racing"

For riders belonging to Bognor Regis CC, Hampshire Road Club, Southdown Velo & ...a3crg, there will be the Inter-Club Trophies to contest. But the event is open to all riders, remember, you don't have to wait to the closing date to enter as closing dates can move forward as well as back.
