THANKS

To all who entered, especially the 29 who rode.

Some participants (and the Finish TK) had difficulty with traffic congestion on the M4 and northbound A449, but thankfully all just about managed to arrive in time.

Conditions were warm fine and dry. Though the Hereford recording station showed 8 - 9 mph West wind throughout the event, at Abergavenny a wind around 9 - 10 mph was Westerly to start with, but veered to the North and made the second lap slower and harder than the first. Some riders found it blustery and troublesome, but half the finishers recorded a PB and the biggest improvement was over 9 minutes by Kevin Lane from Droitwich CC.

Although the Hardwick Gyratory was very busy, traffic levels on the A40 DC between Abergavenny and Raglan varied between light and moderate. The maximum traffic count was 750 vph Eastbound and 900 vph Westbound, but there was an unusually high volume of horsebox trailers (which count as a lorry) going and coming from the Usk Show.

There are separate PDF files for Results & Prizes, Overall Finish times and LTS improvements, Team awards, and a Scoreboard (results in order of starting).
