I hope everyone enjoyed the first event on the new Q25/3; we experienced a rather unusual morning in that it was warm, sunny, dry and there were light winds – a once in a generation event for the Marsh! Your next opportunity (and the only one this year) to ride this new course will be the VTTA (Kent) 25 on the 11 September. Bob Giles has moved to this course from the Q25/12.

Congratulations to all the prize winners and especially the fastest team on the day – Michael Nagi, Matthew Brooke and their reserve Christopher Pocock – with a time of 49:55. I am sure the KCA committee will be looking at awarding a prize for composite teams next year's event.

Commiserations go to the Abellio-SFA Racing team of Tom Rowing and Dean Chiddention who rode as a 2up and recorded an impressive 52:57 when the 3rd man, Reuban Davey, damaged his knee the previous weekend in a crash at Cyclopark and could not start.

Mention must also go to the juvenile female team from the Woolwich CC of Emily Tanner, Rianna Mahoney & Millie Atkinson who turned in an impressive time of 1:10:07.

The Woolwich CC 3up road bike team of Alex Pearson, Nick Elson and Kristof De Beule posted a very good time of 55:33 to win the road bike 3up event. They did have a secret weapon though in Kristof, having won the Belgium National Junior RR Championship back in 2001.

The Solo Road Bike event was a clean sweep by the Smith family with some solid times.

The Solo TT event saw Chris Fennell post a time of 47:10 to win the event and set the course record. We thought the Q25/3 would be quicker than the Q25/12 (as well as being safer). Were surprised when Chris returned with the exact same time as the course record for the Q25/12; hopefully there is more in the tank to take it lower.

Finally special thanks must go to all the marshals, helpers and timekeepers that made this event happen. Terry Blake has done an excellent job in not only managing the marshals from the KCA list but managing to enlist the help of his Woolwich CC club mates to back them up to provide exceptional coverage over and above the requirements. He even managed to enlist the help of the TT legend Mick Ballard to push you off. Using his extensive powers of persuasion, he even persuaded Mick to get up at 03:30 to travel down with him to help erect all the Cycle Event signs and check the course out.
