## **And Finally:**

As you are aware, this event was originally scheduled for July but had to be postponed due to heavy traffic on the course. At the time that the event was rebooked, there were no other time trials on in the Midlands district, but later another event was rescheduled for Sunday 8<sup>th</sup> September, this being on a faster course. This may well have been responsible in part for the many DNS's for our event. Despite the somewhat reduced field, I felt the event went well, and there were some very good times given the conditions (as we know, K46/10 is a very different beast with a headwind on the longer, and mainly uphill return leg). A special mention goes to Ben Healy, whose time of 19:41 was only 5 seconds off the course record.

A massive thank you to everyone who helped Saturday's event come together; I literally couldn't have done it without you. It was hard work but well worth it in the end. A very special thanks to our tech wizard Tim Tranter for preparing the results template and making it possible for me to get this out to you as quickly as possible after the event.

Thanks to everyone who donated to Children with Cancer UK in exchange for refreshments at the HQ. We raised over £30 on this alone, and in addition many of the prize winners donated their winnings to the charity as well.

This was the second time I have run our club open TT and we hope to run the event again next year, hopefully without the false start next time! Wyre Forest CRC will continue to support the Midlands Women's Time Trial Series, which is an excellent way for women to get into time-trialling and continues to have good entries year after year. We hope to see you all again in 2020.
