

## **TAVISTOCK WHEELERS CC**

### **S40/10 10mile Open Time Trial**

*(Promoted for and on behalf of Cycling Time Trials under their Rules and Regulations)*

**On Sunday 20<sup>th</sup> September 2020**

Please find attached the results from the recent TT on S40/10, promoted by TWCC.

A massive thanks to the timekeeper Peter Foubister and Martin Williams for standing in on timekeeper duty at the last minute. Thanks too to the marshals and helpers who kindly gave up their time to enable us to run the event. As ever it is appreciated the sport doesn't run without you kindly volunteering your time and effort, so THANKS to you all.

Another thanks to Darren and the gang at the Pump & Pedal for the use of the venue for HQ. With parking having been lost at the usual Sourton village hall HQ it looked uncertain for a time that we'd be able to put on an event at all. A recent recce of the place revealed a cracking carrot cake, so get yourselves back and try it when you can!

More thanks to the folks that contacted us in advance of the race and sent their DNS Apols on the grounds of having one or two Covid-19 type symptoms. Great to see riders taking that seriously, can only be good for all concerned as well as the sport itself.

And a final thanks to you the riders, for making the event. It's been a strange old year thus far, again casting doubt on whether there'd be a race at all. It's our pleasure to be able to put a race on for you all, thank you for turning up and making a good morning of it.

A good morning for racing, though maybe next year we'll see if we can order up some more headwind for the way back, you all seemed to enjoy it so much! Finally, and always most importantly, everyone back safely – great stuff.

Stay safe and see you next year!

Wishing you safe cycling, all at TWCC.
