Many thanks to all the competitors who turned out for this event. Numbers are down in general for TTs across the region, so it was heartening to see more entries in this event than there had been last year. Hopefully, we can continue to grow numbers going forward.

Many thanks too to all of the marshals, timekeepers and event HQ helpers, without whom the event could not have taken place.

Finally, a thank you to all the spectators who lined the hill and provided a great atmosphere and a lot of "encouragement" to the competitors.

This was a very closely fought even with less than 20 seconds separating the top 6 and there being a tie for 1st and 5th places. There were outstanding showings from Abi Plowman to finish 3rd overall and Elliot Holt to finish 4th. Many other riders were very happy with their times, especially given the damp and windy conditions.
