Timekeepers - Tracy Moore

Testing conditions for the 32 riders on the Furness Peninsula gusting North Easterly winds added to the usually tricky L212 course.

An advantageous tailwind outbound meaning a difficult return leg meant the riders really gave their all – as evidenced in some of their times! Winning the Overall and Male Seniors was Tom Rigby with an impressive 48.00 dead, followed by Richard Helm in 2<sup>nd</sup> and 1st Male Vet

First female Senior was Christina Wiejak with a time of 54.35 which is only 35 seconds of her Female course record which considering the difficult conditions is quite some achievement and indicative of good legs!

Also Carol Westmoreland was reward for her journey from the North of Cumbria coming out top in the Female Vets

**Note – A KASK helmet bad was left in the car park – contact Richard bell if its yours!**
