SOUTHEND WHEELERS

Southend Wheelers' Norman Wells Trophy. This solid silver trophy was purchased from donations in 1964 and has been presented to the winner of the club's open 50-mile TT ever since. Although the trophy is presented to the winner each year, the trophy is retained by the club for security reasons!

A bit of historical background for this event....

So, who was Norman Wells?

Norman, although never a racing man, was a leading light in cycling for 38 years, devoting his life to the club as President, Chairman and Treasurer between 1948-62. He officiated at the 1948 Olympic Games as a timekeeper at the cycling events and thereafter always wore an Olympic blazer when timekeeping for the club. He would walk to club events on the A127 at Eastwood & Vicarage Hill Benfleet (on the A13) from his home in Holyrood Drive, Westcliff-on-Sea (coincidentally also the childhood road of today's organiser!) & back again in all weathers, distances of around 5 miles each way. Interestingly it is said that he never rode a bike in his life.

He joined Southend and County Wheelers in 1925 – soon after its formation.

Founder's Cup

We will also be presenting The Founder's Cup to the fastest Southend Wheeler at the event. The Founder's Cup, also made from solid silver, was inaugurated in 1924 when the club was one year old and was paid for by the founding members of the club. Since that date the cup has been awarded annually to the fastest 50-mile time trial performance by a club member with open events being the only counters since 1926. The first winner in 1924 was Jock Ashley in 2:29:20. The next year the winner was Wally Palmer, who also won the 2nd ever club Open 50 in 1927. He would have won in 1926 as well if he hadn't had a late start!
