

We were blessed with a fantastic morning on Saintbury Hill, hardly any wind and the rains on Friday didn't wash away the road surface. Unfortunately David Fellows was injured and would not make the start but he came along to support the riders who could make it up the 1.3 mile course. He was joined by several club riders who joined in the festa on the hill. Thanks go to Charlie and Laurie the CTT timers and Stratford Cycling Club members who marshalled catered for the event so we hope to run a hill climb next year.

The fastest time was by the top seed Andrew Feather (HuntBikeWheel.com) with a time of 5:28.7, and fastest lady was Ellen Reynolds (ElevateRT) at 7:41.2. There were 5 under 23yrs riders, the fastest was Charlie Hussey (High Wycombe CC) at 7:16.7. We also gave small awards through the age groups with Charlie Hussey (High Wycombe CC), Cameron Biddle (HUUB Wattshop), Andrew Feather (HuntBikeWheel.com), Leon Wright (Pedal Power Loughborough) and Paolo Coppo (Coventry Road Club) winning there relevant age groups.
