Firstly, many thanks to you all for supporting our event as there were a number of over events over the weekend. The reward being a dry and warm race, it is yet to rain in this event since I started doing it back in 1996!

Congratulations to Matt and Hannah O'Brien who between them seem to have won most of the prizes. Well done to Hannah especially who broke the course record. Despite finishing second Amy Pritchard's time would have beaten her record set in 2018, so yet another strong ride by Amy.

You will also notice that from the awards the scratch results do not match the finishing order. This due to a number of the fastest riders taking the Vets awards which offered a higher prize value than finishing fourth.

Mark Pearce, Event Secretary.
