

VIRTUAL CYCLING CLUB 25-MILE TT, 2024

OFFICIAL RESULT

This is the official result for our time trial event held on the R25/7 course on August 11th 2024, promoted for and on behalf of Cycling Time Trials under their rules and regulations.

RESULTS AND AWARDS

We hope you enjoyed seeing the race results trickle through to the event HQ in real time. The full result is now visible on the [CTT website](#) and also on the [ResultSheet](#) service that we used on the day. We love to give away free entries to future events and yesterday was another chance for us to do that – and we were happy to apply the trickle-down rule to ensure that more riders could benefit. Here’s a recap on the awards.

Best result against SpinData prediction (female)*	Joanna Legge-Knight	- 0m 39s

** trickle-down rule applied*

LOST PROPERTY

Unfortunately, one of our riders lost a rear light in/around the HQ building yesterday. If you came across it, could you let us know please? We’ve also enquired with the caretakers of the building. A long shot, but worth a try.

PHOTOGRAPHS

It seems that there are lots of photographs from the event over on the [Kimroy](#) website. We have no connection with this service, but there are some serious game-faces on display there so you might want to pick up a profile picture or two!

UPCOMING EVENTS

The riders listed above all receive a FREE entry into a 2025 VCC event of their choice. We’ll be in touch when we have confirmation of the dates and locations – probably in October, after the district has worked out the racing calendar.

Also, in three weeks’ time, on behalf of the Welsh Cycling Association, we’ll be hosting the [Welsh 12-hour event](#). We’re proud to be taking the baton from Robin and his gang, who have done such an outstanding job with this event over so many years – and we hope we can live up to the high standards that have made this the most enjoyable and supportive event on the calendar, for riders and their families. But if you’re not quite ready to step up from 25 miles to 12 hours this year, you could still be a part of the event by popping along to the Raglan/Abergavenny area on September 1st to see some extraordinary feats of cycling endurance. And if you’re up for it, we’ll find a hi-viz jacket and a job for you!

Wherever your season takes you, have a good one and stay safe. See you around.
