REPORT

Once again the sun came out to create perfect conditions for what was unfortunately, one of the smallest field of riders I can remember in over ten years.

However, for those that took part we hope you enjoyed the ride and achieved that PB I promised you....

The front and rear light rule caught one person out, despite an extensive search, we were unable to find a spare. I have made a note for the next event to bring some spare as I shared the disappointment of not being able to ride.

Fastest rider on the day was David Fellows of Solihull CC with an excellent time of 52:06.

Our Thanks to all those that volunteered to make this event possible, without you there is no event, thank you once again.

Special thanks to our Time Keeper, Mike Howard who never says no to officiating our events.

Results and prizes are listed below, let me know if you have any questions and see you all soon.
