

## PENNYGLEN 'not so hilly' TT

19/08/2021 19:00

WW15/03

Thank you for entering our Annual Pennyglen Hilly TT. Unfortunately, this year has not been the right year for the Pennyglen course to make a comeback. 2019 was cancelled due to roadworks. Then of course Covid-19 affected last year's race and this year we have had to change course due to yet more roadworks! However, don't fear, as next year the classic course will be back better than ever!

**Ayr Roads CC thanks the club's sponsors for their help in promoting this event**

## Headquarters:

### Eglinton Park, Irvine KA12 8TA

We will be using the 'bus shelter' across from the car park for sign on. Sign on will be open from 18:00. Toilets will be available until 20:00. These are located next to the facilities block opposite the play park. Car parking is available in both main carparks. Please don't park on the grass or block the horse riders mounting block at the coach car park. Thanks to the Covid restrictions recently being eased we will have a prizegiving post-race.

## Course Details

We will be using our new A78 course for this year's alternative Pennyglen 'not so hilly' TT. This is the same course as we used for the British National TTT race in June this year, although you will only be completing 1 lap of around 15 miles.

Start is outside of Eglinton Park at lamppost R5. Enter the Eglinton Roundabout and take the first exit signposted for the A78. Keep right on the slip road and enter the Southbound A78. Continue on the A78 until the Warrix interchange where you will be required to move out into the middle lane in order to continue South on the A78. Please do a shoulder check before moving out. Continue South on the A78, straight through the Papermill roundabout (10 turn). Exit the A78 at the Corraith junction signposted for Loans. **Please be aware that the surface from the bottom of the slip road to the Northbound A78 on ramp is rough.** Turn right at the bottom the slip road and under the A78. Left turn at the T junction on to the B746 and continue until turning left to re-join the Northbound A78 at the top of the hill. Continue North on the A78, straight through the Papermill roundabout. The finish line is at the far end of the layby just before the Eglinton interchange exit (just before the 10 finish).

## CTT Regulations

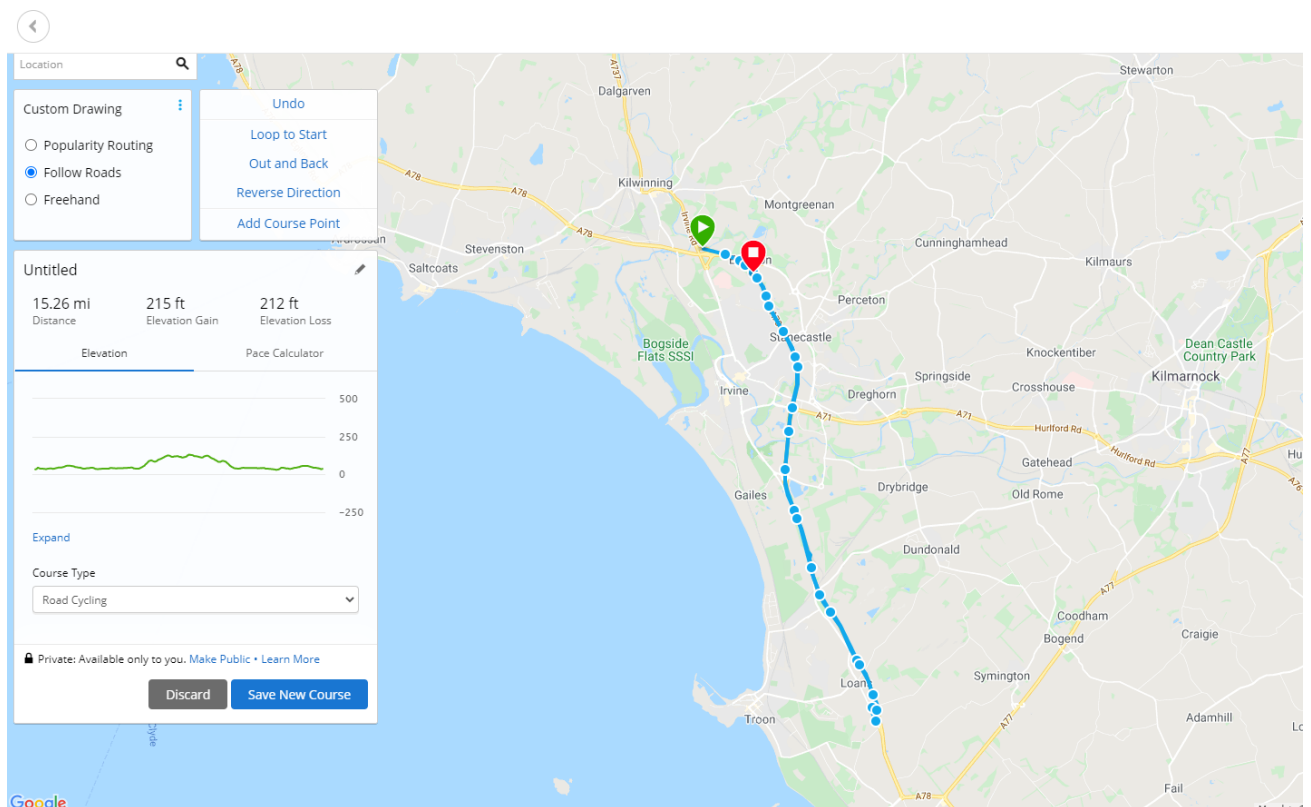

CTT require the use of a red rear light, either flashing or constant. This is especially important at this event as riders may be finishing in failing light. As such please also consider the use of a white front light for increased safety. Every competitor must ensure that their machine is so constructed, equipped and maintained as to be capable of being ridden on the road safely at all times and in all conditions. The riding position shall be set so that the competitor has good forward vision when in a competitive position. **NO HEAD DOWN RIDING!!**

## Covid-19 Regulations

Thankfully we are in a position where most Covid-19 restrictions have been lifted in Scotland which allows us quite a lot of freedom again. However, we still need to be aware that the virus is still circulating and should be taking appropriate precautions. If you feel ill or have any Covid-19 symptoms, then please **DO NOT** attend the event. If possible, please carry out a lateral flow test the day before the event even if you feel well. This will help contain the spread of the virus and help safeguard future events. Thanks for your understanding.
