## Important Notes

### Important Notes

1. The course is generally expected to be quiet during the event
2. There are two sharp corners:
  - In Charlton: This corner is blind to oncoming traffic, so take care
  - Between Charlton and A429, crossing river bridge: This corner has good visibility, however unless you brake early you will cross the white central line, so look out very carefully for oncoming traffic.
4. There are 2 sharp turns at Baydon turn (12.5 miles) and Minety turn (15.3 miles).
5. The descent to the Avon River after the southern Malmesbury RAB is a 30 mph zone. Be aware that drivers may slow to turn into the houses on the left. Care and observance of the Highway Code is required.
6. The onus is on the rider to know the course but all turns will be signed. There will be some officials on course doing traffic counts and ensuring course compliance.

Please remember to sign out at the HQ after the event when returning your number
