# **Important Safety Notices**

(including covid security measures)

## **Safe Riding**

Riders must comply with the Highway Code at all times.

Take great care when crossing and riding on the A32 road before the start. Do not use the A32 for warming-up or perform a u-turn on this road.

Please wait where directed by marshals before your start time.

At the finish, continue on without stopping and follow the recommended route back to the HQ. Do not retrace the route of the hill climb back to the start.

Any rider observed riding in a manner which may jeopardise his or her own safety, the safety of others and the future of the sport will be disqualified and reported to the South district council of Cycling Time Trials.

## **Safe Equipment**

IN THE INTERESTS OF YOUR OWN SAFETY, Cycling Time Trials and the event promoters strongly advise you to wear a **HARD SHELL HELMET** that meets an internationally accepted safety standard.

It is also recommended that a **WORKING REAR LIGHT**, either flashing or constant, is fitted to the machine in a position visible to following road users and is active while the machine is in use.

## **COVID Safety**

**Please do not attend the event if you or any member of your household shows symptoms of Covid 19.**

An elevated resting heart rate or exceptionally quick to react heart rate during warm up can suggest an underlying asymptomatic illness of ANY kind. You should NOT start the event (DNS) and leave immediately. Do not go to the start line if you feel this is the case and notify the organiser of your intention not to start because of an adverse warmup.

Please be considerate of other people and follow current UK Government covid-19 safety advice for England at all times.
