Course and Rider Safety

The course is sign posted in key areas with large, event warning signs which inform other road users of the event.

The course is subject to routine traffic counts and only authorized by the London West District Council for use at times when traffic volumes are below a nationally agreed threshold.

Marshals will be present at the key areas on the course to provide visible cues to drivers that an event is taking place, to indicate directions to riders and to be present in the case of an incident. Marshals are not authorised to direct or regulate the traffic. It is the rider's responsibility for knowing the course and where to turn.

Riders are responsible for their own safety and are required to observe the law relating to road use.

There is a light controlled pedestrian crossing on the course in Woolhampton Village. The crossing is lightly used but riders must obey the lights and stop if required to do so.

On the approach to the turn roundabouts riders should check behind them and take the appropriate line to circle the roundabout safely. Signal clearly to other road users the course you intend to take. Always give priority to traffic from your right when negotiating roundabouts. When riding through narrow sections with central refuges, riders should be aware of traffic approaching from behind.

Please ride head up at all times and be mindful of the road conditions. As with many roads, there are potholes and defects on the A4. The section between Aldermaston Wharf and Colthrop is fair to good with the roughest areas between Aldermaston Wharf and Theale.

After finishing, riders should proceed to the headquarters and NOT stop at the FINISH.
