1. Event HQ

We have been able to secure parking at **Wootton & Dry Sandford Community Centre, Wootton, OX13 6DA**. There are toilet facilities at this location and you are asked to wear a mask when going inside to use the facilities.

We are very lucky to have this facility, so please help us to maintain a good relationship with the local community so we can continue to run events from this HQ in future.

We would like to avoid any large gatherings in the car park despite recent relaxations to COVID regulations, so please keep your distance from other riders wherever possible. Riders not following guidelines or instructions from officials will not be permitted to race and will be reported to CTT.

Strava route from HQ to the start can be found here:

2. Sign-On

We will ask you to respect the social distancing rules and **maintain 2m distance** between people at all times. This is to ensure we can successfully run this event and others in the future whilst maintaining a good relationship with the local community. We are all in this together so please **respect the volunteer team** and their decisions. Riders not adhering to the restrictions in place may not be permitted to race, may be reported to CTT and may be refused entry to future events.

The sign on process will be as per normal events, you will need to sign your name in order to obtain your race number. We do ask that you bring your own pen for this process.

Your number will be placed out for you to collect at the HQ, please check your number on the list below. The numbers are brand new and do not need to be returned, you will be supplied with safety pins along with your number.

Whilst you do not need to return the number, please ensure you do return to HQ and sign out before leaving the event.

4. Race Protocol

Please do not bring friends or family members: they will not be permitted to leave their car. The only exception to this is under 18s who can be accompanied by a guardian from within their own household or “bubble”. They are however not permitted to enter the start area.

Riders are not permitted to ride on course with a number on their back as a warm up. There are plenty of other roads nearby for warming up and turbos can be used in the car park.

The Time Keepers will be checking that riders a) have their number attached and, b) have a working rear light. **Either of these are missing and you will not be permitted to race.** There will be no “pusher offer” and you will have to do a standing start on your own. Rolling start will not be permitted.

Make it easy for the finish time keeper when you cross the line by shouting your number **as loud as you can. Do not approach the finish time keeper at any point for any reason.**

5. Race Results

Race results will not be available at the event, however there will be a link to provisional results available using the QR code or the link below. We will email results to competitors as soon as possible once the event has finished, and verification with the timekeepers can be done. Results will then be published to the CTT website as soon as possible.

7. Start List

Appendix A is the rider list with the number assigned to you. This is the number that must be collected from the HQ upon arrival. Please do not swap numbers: your emergency contact details are assigned to this number. If you are unable to attend, DO NOT swap your name with someone else. Riders found doing this will not be permitted to race, will be reported to the CTT and will not be accepted in future events.

8. Vehicles on course

Time trialling under CTT regulations is unsupported. Riders must not be followed, for any reason whilst on course. Any rider suspected of this will be disqualified and reported to the CTT. This practice and so called layby hopping is dangerous for other participants and a nuisance to traffic and will not be permitted under any circumstances.

9. Road Bike Event - Equipment Rules

All riders competing in the road bike event must conform to the below:

1. No aerobars, clip on aerobars or aero extensions can be used
2. Hands must be holding the handlebars at all times whilst racing (ie. not with forearms resting on the handlebar)
3. Wheels must have a minimum of 12 spokes each, and have a maximum rim depth of 90mm
4. Helmets must have no visor
5. Ears must not be covered by the helmet (Giro Aerohead helmets are not permitted)

10. Summary

In these unusual circumstances we find ourselves having to change the way we run events. These guidelines are here in order to make sure we are able to follow the government guidelines, the CTT guidance and make sure that the risk to you, us and the general public of transmitting or catching COVID-19 are kept to an absolute minimum.

These restrictions are not here to make life difficult for you or the volunteer team, they are here for the above reasons but also to ensure that we are allowed to run these events.

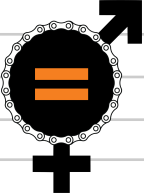

Have a great ride. **Thank you for your support!**
