**Competitors Notes:**

The Event Headquarters will be open from 11.30am. Car Parking will be at a premium so please park considerately. It would be helpful if those in a position to so, could remove their cars from the H'Q area after Signing On etc. The H'Q is in the centre of a Residential area & your highest consideration with regard to the local residents would be greatly appreciated.

Numbers will only be issued when a Competitor has 'Signed On'; **remember you also need to sign off.**

Please note this is a Type A Event & as such sleeveless tops are not permitted, (Regulation 16); "sleeves shall be at least mid-upper arm in length".

It is 3.4 miles from the HQ to the Start; please allow sufficient time to be ready for the Time Keeper.

**Please do not warm up on the Course once the Events have started, (13.01),** we have previously had complaints from other competitors, **particularly on the B4429 run in to the Finish** where competitors have needed to either brake or pull out in front of vehicles approaching from behind due to riders warming up. It also causes considerable confusion for the Finish Timekeeper.

**Any rider failing to comply with this request risks disqualification.**

Handicaps have been set according to data taken from the CTT Standard Chart, based on best times at the distance during the last three years.

Veterans Standards have been taken from the Revised 2013 VTTA Chart.

#### **Why Eileen Sheridan:**

This Event has been named to celebrate the achievements of our long standing Club President Eileen Sheridan. This Coventry born lady was one of the early Members of Coventry Cycling Club when it was founded in 1935. In 1945, only a year after competing in her first race, Eileen became Women's National 25 Mile Champion. Following a break when her son was born she once again resumed her career; between 1949 & 1950 Eileen became Women's National Champion at 25, 50 & 100 Miles & W.B.A.R. Not surprisingly the success of this Pocket Rocket, a diminutive sized lady with a giant sized ability & demeanour, came to the notice of the Hercules Bicycle Company who gave her a Professional Contract to pursue Long Distance Place to Place Records.

During the late 1940's & 1950's Eileen broke all twenty one of the Women's Road Record Association Records; five of which still stand to this day. After beating the classic Lands' End to John O'Groats record by 11 hours she was put back on her bike to continue to also break the 1000 Mile Record as well; she says she can still recall the effort it took quite vividly.

Throughout her life Eileen, now in her 90's, has always tried to encourage Women to take part in our chosen sport, especially those who have taken up the challenge & broken most of her long standing Records as I am sure they would confirm.
