Local regulations

Important Information

It is mandatory to have working front and rear lights fitted to your bicycle in the proper positions so that they can be seen by other road users and must be working and turned on.

It is also mandatory for riders to wear a helmet.

Rider Safety Riders must move to the correct filter lane when approaching roundabouts to prevent vehicles overtaking and turning left in front of them. Riders must check behind them before changing lanes – this is especially important in the TT machine classes where there is a strong desire to maintain an aero position

If you are unable to make the start, please give notice prior to the event since this may enable riders who have missed their start times to ride. Please text me on my mobile number, 07914435706 as I will not be answering calls.
